

## AQUA CLASSES

**Ai Chi** – Similar to Tai Chi but is performed in the Therapy Pool. Learn to move through a flowing progression of slow, broad movements using your arms, legs and torso. Improve range of motion and mobility and experience the deep relaxation that promotes sleep.

**Aqua Aerobics** – Splash into this low impact cardio and conditioning class! Instructors use the latest aqua-based techniques to provide a high-energy workout that is easy on the joints. Bar bells and noodles are also used for upper-body and core training. All fitness levels are welcome!

**Aqua Boot Camp** – Get stronger and leaner without impact on joints! More challenging version of our aqua classes, boot camp works on maximum calorie burning, strength training, and core development. Use the resistance of the water, and various types of equipment to reach your fitness goals! All fitness levels welcome!

**Aqua Yoga** – Arthritis foundation based yoga designed to increase joint range of motion, build muscle strength and reduce pain and stiffness.
